Your Dreams. Our Mission.

INDEPENDENCE GROWS HERE

SUPPORTED INDEPENDENT LIVING

KenCrest provides services for anyone with IDD to live independently in their own community through comprehensive and flexible supports. We serve Pennsylvania residents in the following counties: Bucks, Montgomery, Berks, Philadelphia, Delaware, and Chester.

Supported Independent Living Services:

- Unlicensed Residential Living – Residents live in a property that is owned or leased by KenCrest
- Supported Independent Living – Residents own or lease their own home

Individualized Support

Through the use of Charting the LifeCourse, we learn what is most important to help them plan live a life that is important and meaningful for them. As a person's needs, wants and desires change, we are with them every step of the way.

Additional Support

- Development of daily living skills
- Scheduling and attending medical appointments, communicating with healthcare professionals
- Accessing and participating in their community
- Advocacy
