

AblePay is a NO-COST program that provides you and your family with savings, flexible payment terms, and billing advocacy for your out-of-pocket medical expenses.

By working with our provider partners in helping to reduce their collection expenses, we share a portion of these savings with our members.

You do not need to be enrolled in your employer's health plan to take advantage and you can include your spouse (or anyone else) on your account even if they have a different insurance plan than you!

Over 50,000 members are enjoying the benefits!

AblePay savings example:

You incur a \$1,000 medical bill at a participating provider that you are responsible for paying out-of-pocket. Assuming you take the full 13% in savings. As a member, you pay AblePay \$870, while the full \$1,000 is satisfied at the provider and is applied toward your deductible.

You saved \$130... it's that simple!
